Student Banking

School Banking is here!

Every child must eventually learn that Mum and Dad are not the bank! The good news is Collinsvale Primary School participates in the Commonwealth Bank School Banking Program to help develop these important savings skills. The program is about encouraging your child to develop regular savings habits.

Rewards Program

School Banking also includes a fantastic Rewards Program to encourage good individual saving habits. The Student Rewards Program makes it even more fun for students to participate in the School Banking Program and also encourages them to save more regularly. There is an exciting range of rewards to choose from and students are eligible for a certificate and reward after just 10 deposits.

School Commission

Student Banking is not only a great way to encourage students money management and saving skills that will benefit them throughout their life but it is also a financial benefit for our school. \$5 commission is paid to our school when students' make their first deposit. We also receive commission for each deposit made - it doesn't matter how much that deposit is - but if we make regular deposits that is even more money for school

Two simple ways to open accounts for School Banking

School Banking accounts can now be opened at any Commonwealth Bank branch. Remember to take in identification for you and your child (such as driver's licence and birth certificate). Or you can open an account online: commbank.com.au/schoolbanking and click on the link to open a Youthsaver account.

Stimulate your child's financial education

To further bring money to life for your child at home, we invite you to explore the fun financial activities and video guides from The Beanstalk, an online resource available at commbank.com.au/beanstalk

Student Banking day at Collinsvale Primary School is WEDNESDAY!!
